

## Empowering Children to Overcome Obstacles: August Updates from Kupenda

---

Dear friend,

In this month's newsletter, you'll learn how Kupenda helps children who are deaf like Moses access sign language teachers and how children with disabilities obtain birth certificates so they can receive public health care, education, and social services.

You'll also read about our four-year partnership with NGOs in Sierra Leone that have equipped dozens of local leaders as advocates for hundreds of children with disabilities.

Thank you for your continued support, which makes all the difference in these children's lives!

In love and gratitude,

**Cynthia Bauer**
