

Healthier Lives for All: June Updates From Kupenda

Dear friend,

In this month's newsletter, you will meet Brian and Hadija, two children with autism who overcame the stigma surrounding disability in their communities, through their own perseverance and Kupenda's support. You will also learn how they now have access to appropriate education and regular therapy services that have equipped them to lead more healthy, independent lives.

You'll also receive an update on the health journey of our Kenya Director, Leonard Mbonani. We thank you for your support of our work, the communities we serve, and our staff members. We couldn't do this without you!

In love and gratitude,

Cynthia Bauer

Kupenda's Founder and CEO
